S. A. WATER GROUP IN MOVE TO CURB USAGE, EXPENSES

"Pay for Water as You Use It" Is New Plan Proposed by W. K. Beattie

STOCKHOLDERS TO VOTE

Change in System of Charging Advocated Today in Letter to Members

Encouraging conservation in the use of irrigation water and placing the burden of the expense on those who use more water, a new plan of charging for water service was today proposed to the San Antonio Water company stockholders by W. K. Beattie, president. Through assessments, funds are obtained at present. It is Mr. Beattie's proposal to continue the assessments to cover fixed expenses and to create what is termed a "water delivery expense."

This new account would take care of the cost of supplying the water to the grower, charges to be based on 60 inches for 24 hours at 40 cents per day inch, which charge would be adjusted to actual cost at the end of the year. A grower could order smaller heads and the charge would be accordingly and other economies could be practiced, such as decreasing the number of irrigations at the beginning or end of the season, it is pointed out.

This proposal is expected to receive considerable attention at the company's annual meeting in the Chaffey auditorium Feb. 23. It was Mr. Beattie's recommendation that the new plan be in effect with the beginning of the new season.

Assessments would be levied as needed, under the proposed plan. The "assessment expense account" would cover charges for the following: water measurements, water conservation, repairs to tunnels, executive salaries, legal expense, pensions, insurance, taxes, loss on depreciation of capital assets and depreciation of buildings, conservation works, tunnels, reservoirs, pipe lines and office equipment, and amortization of bond discount and sinking fund.

Items in the water delivery expense would be the following:

Upland Men To Attend P. E. Annual Banquet

Agent Clyde Whiteley, Assistant Agent Melvin Armstrong and Ticket Clerk John Tate of the Upland Pacific Electric force, expect to attend the tenth annual banquet of the Pacific Electric Railway Agents association at the Alexander hotel in Los Angeles tomorrow evening.

The principal speaker at the banquet will be Chas. A. Horrworth, field secretary of the All-Year club of Southern California, whose subject will be "Southern California: What Its Visitor Means to Southern California."

Agents and assistant agents of the western division will be admitted free to the banquet as the result of winning the attendance contest for 1931.

Mrs. Susan Parsons Dies This Morning

Mrs. Susan C. Parsons, who for the past eight years had made her home with Mrs. Bertha E. Dean at 115 East Seventh street, died at 1 o'clock this morning. Although she had not been really ill, Mrs. Parsons, who would have been 89 years old in April, had grown quite feeble and death came as she slept.

Arrangements for the funeral have not been completed, but the body was taken to Los Angeles this morning by Dellenbaugh & Co. and the service will be held at the Venice boulevard chapel, the time yet to be decided.

Mrs. Parsons' husband, a Civil war veteran and a minister, died 30 years ago and she is survived only by a daughter in South America.

Harold Cook Speaks Before Junior Lions

Harold W. Cook, president of the Upland Lions club, was the speaker at the meeting of the Ontario-Upland Junior Lions club in Hotel Ontario last night.

He spoke on the history and ideals of Lionism.

Upland Girls To Feature In Comedy

The six young misses posed here are among the cast to present the "Lucky Jade" in the Chaffey high school auditorium Feb. 26. Reading from left to right they are: Marie Jones, Ruth Hilty, Esther Guy, Louise Norton, Rae Jean Gillilan and Gloria Foss.

TWO YOUTHS FACE DARK FUTURE TODAY

Long Beach Boys Arrested Here on Theft Charge; Each Heavily Armed

Life ahead doesn't look so rosy to two Long Beach youths, who are today in the San Bernardino county jail, following their arrest early this morning when in the act of stealing gasoline from a car belonging to Clarence Bahruth, 181 First avenue.

They were driving a car, allegedly stolen from Long Beach. They each carried a pistol, one had a dagger and they had in their possession liquor. Their ages were given as 15 and 17 years. The youths gave their names as Paul Brown alias Jack Albin, and Frederick, alias Glenn Davis.

They were taken to San Bernardino after Judge George R. Crane this morning set Feb. 16 as the date for their preliminary hearing on a burglary charge. It is likely, however, the youths will be cited to appear in juvenile court and returned to Long Beach to face the charge on the car theft.

The youths arrived in Upland about 2:30 o'clock this morning, according to Officers Carter and Jenkins, who made the arrest. They kept within sight of the machine and followed the youths to the First avenue address. In the act of draining gasoline out of the Bahruth machine in the rear of the house, the boys were arrested by the officers.

VALUATION CHANGED ON LOCAL PROPERTY

County Committee Makes Changes in Assessments on Business Holdings

Valuation of Upland business property in some cases has been increased and in other cases decreased, it was learned today by the property owners. A report of a meeting with C. E. Mead, business and residential land tax equalization representative in county, was made at the meeting of the Upland chamber of commerce directors by Clair E. Kirk.

It was explained that this committee is seeking to equalize the valuation and assessments. Intersection of Second avenue and Ninth street has been taken as the "hub" in determining the valuation, the property being the most valuable at that location, he said. Going in all directions from that point, the valuation is decreased.

In making the changes, some of the property received a higher valuation and some a lower figure.

School Judgers Off for Imperial Contest

Judging teams left Chaffey high school today for Imperial, where they will compete in the Imperial county fair tomorrow. Charles A. Perrin, in charge of the agricultural project, accompanied the group. Teams are in the A and B class, one team in each class to judge stock and the other teams in each class will judge dairy cattle.

On the stock team "A" are Lawrence Groff, James Tate, Jim Elsea and Paul Maitral. "B" team members are Dean Kellar, Jewell Runner, and William Snail. Dairy judgers on team "A" are Edward Weed, Denman Claypool, Charles Morrison, Lemoine Oviatt and Darold Lughead. Team "B" consists of Scott Yergyen, John Green and Gail Tracy.

STUDENTS TO GIVE 'THE LUCKY JADE'

Musical Comedy Will Be Given Feb. 26 by Glee Clubs at Chaffey

"The Lucky Jade," the musical comedy offering of the Chaffey high school glee clubs, coming February 26, is one of the leading successes in the most recent musical plays. Its swing to popularity is double-barreled, so to speak, for not only is the music right down to the minute in modern rhythms and melodies but the plot is likewise pertinent to today and full of piquant turns of present day college and social life.

The story is said to be authentic, and was inspired by the fact a very rare and priceless Voodoo idol, entirely of jade, that most precious stone from Africa, was discovered and purchased by the British museum. The idol had one ear missing, and on investigation, it was learned that tradition told how many years ago, a hardy and venturesome trader had dared to invade the Voodoo temple and carried away the idol's ear as a trophy. It was believed the trader was subsequently killed and the ear, guarded by some priestess, eventually found its way into the hands of descendants of the slaves on a Virginia plantation.

The British museum, a few years ago, advertised widely for information leading to the recovery of the ear, offering a large reward. And there the plot of "The Lucky Jade" begins. The romantic background of an old homestead on the banks of the Potomac, in Virginia, with the young collegiate crowd of today, mingling with the touch of the old South, provides opportunity for the cleverest dialogue and music, and the writers have made the most of it. A large cast of 60 are mastering the score, and with many novelties interspersed, will present an unusual and laugh - tickling production. Old man depression will get a double jolt, for while the audience are forgetting his presence, the net proceeds will be going to the purchase of needed equipment. The production is being prepared under the joint direction of Mr. and Mrs. S. Earle Blakeslee, whose outstanding successes in this line are well known.

William Atchley Is Nominated by Elks

John E. Galvin was nominated as the exalted ruler of the Ontario-Upland Elks lodge last night, when officers to guide the group for another year were presented. Election will be held next month. William Atchley was nominated as esteemed leading knight.

Others nominated were John Castle, esteemed loyal knight; Ora E. Bacon, esteemed lecturing knight; John McCutcheson, secretary; Mike Shoemaker and Owen Deitz, treasurer; George Gaylord, trustee, three-year term, and James Guilty.

Six Legionnaires at County Council Meet

Six members of the Upland post American Legion attended the county council meeting in Ontario Tuesday night. Plan of the Ontario post in getting "hoarded" money into circulation was considered.

Present from here were Thomas E. Howarton, Lee Wire, Marion Grothe, L. H. Cortright, Gene Nisbet and Frank C. Davis. The state membership chairman and the district commander and district adjutant from Indio were present as guests.

TENURE LAW TO BE SHELVED HERE AS BOARD TAKES STEP

Upland Teachers Will Be Employed From Year to Year, Is Plan

LAW PERMITS OPTION

Instructors With Permanency Rating Will Not Be Affected in Ruling

Upland board of education today voted to employ teachers from year to year without giving them the status of permanent teachers, as has been the custom in the past. Changes in the school teachers' tenure law were made by the 1931 legislature. These changes give school boards in districts of less than 850 average daily attendance (A.D.A.) the option of making teachers permanent after three years of teaching or of refusing the tenure and employing them from year to year.

In their monthly session this morning, members of the board voted to employ teachers who are now probationary teachers from year to year only, without giving them the status of permanent teachers. Teachers who now have the permanent rating will not be affected.

Harold W. Cook, superintendent of the Upland schools, who recommended the action to the board, explained that 12 teachers will be affected. This number includes the full-time and part-time instructors, some being employed by the local board and some by the Chaffey board.

Until the changes were made by the legislature, the law provided that once a teacher had taught for three successful, consecutive years in a district, she would become a permanent teacher in that district, and could not be removed unless charges of inefficiency were proved. During the three-year period they were known as probationary teachers. The new ruling makes it possible for the local board to employ teachers indefinitely from year to year without giving the instructors the permanent position.

The A. D. A. here last year was 765 and the record for this year is approximately the same.

Upland Stores Will Be Open on Feb. 22

Upland stores will remain open on George Washington's birthday anniversary, Feb. 22, it was announced today by Ernest C. Mehl, president of the businessmen's division of the chamber of commerce.

A survey among the local firms early this week resulted in a plan to close on that day, but a later check resulted in the announcement for the firms to remain open.

J. B. Leaman Taking Officers on Trip

Richard G. Manley, city service manager, and other officials from neighboring cities, are today on an inspection trip to wells and pumping plans throughout the citrus district.

School Board Vacancy Attracts Competition as Names Are Announced

Council Candidates
Elmer Mathews,
Frank C. Buffington,
P. H. McQuillen,
Godfrey Andreas.

School Board Candidates
Mrs. Hjalmar Anderson,
Charles J. Coe.
Ernest Bridenbaugh,

New candidates appeared today for the municipal elections and the school board elections as time neared for the actual start of definite campaigns.

Godfrey Andreas, who two years ago was defeated in his race for a place on the city council, was in the running again, with the announcement that many of his friends had urged him to seek a place. He has been active in civic affairs and is a director of the San Antonio Water company.

Elmer Mathews, who was named on the council to fill a vacancy less than a year ago, today decided to allow his name to be used in the municipal election in April. It was not until today he decided to be a candidate. He has worked harmoniously on the board and has been active with other members of the group in an economy plan. He called attention to the fact that under the budget system of operating, which the present council started, the city tax rate has been cut 10 cents for each $100 valuation and "that it is not unreasonable to expect a still further reduction this coming year."

Recognized as one of the most active civic leaders, P. H. McQuillen, who has served as mayor, will be a candidate to succeed himself. He was elected four years ago and during this time

Lex Lucas Speaker at Etiwanda Meeting

ETIWANDA, Feb. 12.—Lex R. Lucas, executive of the Old Baldy Boy Scout council, was the speaker at the meeting of the Etiwanda Service club in Cypress hall here Wednesday night. Herbert C. Hall was program chairman.

Mr. Lucas explained the scope of the Boy Scout work in the district and commended this community for its part in the work among boys.

About 25 men were present and enjoyed the dinner served by the women of the community church.

Nulah Hall Wins in Lincoln Contest

Nulah Hall won the Abraham Lincoln oratorical contest at Chaffey junior college this morning, speaking on the subject, "Loyal Devotion." Second place went to Douglas Gourley on "The Source of Lincoln's Power," and Harold Wells placed third speaking on "A Shrine for Lincoln."

The contest is made possible by Dr. Merton E. Hill and Dean C. J. Booth, who started the event about seven years ago. Members of the G. A. R. and W. R. C. were guests.

WATER SAVED FROM FLOWING TO WASTE

Cucamonga Protective Group Spreads Canyon Flow Due to Work

As the result of the water conservation project in Cucamonga canyon, considerable water is retained for the Cucamonga basin, instead of flowing to the waste.

An estimate was made today by Royal V. Ward, engineer in charge, that 10,000 miner's inches of water have been captured and that a considerable portion of land was covered with water where water had never been standing before. Rebuilding and strengthening of a diversion wall has been the principal work of the Cucamonga Basin Protective association during its 2½ months of activity.

This wall, while not completed, saved much water from rushing rapidly down the canyon. Water was backed up, spread over the ground and allowed to sink in. Results have proven satisfactory considering the stage of the work, it is reported.

Flow of water in the canyon Monday night, during the rain, was estimated at 6,080 inches, Mr. Ward said.

WOMAN WILL BE IN SCHOOL BOARD RACE

Mrs. Hjalmar Anderson Candidate for Post as P.-T. A. Gives Support

As the result of action taken during a meeting of the Tenth street Parent - Teacher association held Wednesday afternoon in the school building, Mrs. Hjalmar Anderson will be a candidate for a place on the Upland board of education at the election to be held on March 25.

Mrs. Anderson's candidacy is being heartily sponsored by the Parent - Teacher association, of which she is president, and her decision to seek a place on the school board was made at the insistence of many of her fellow-members and friends who believe that the interests of the children and of the teachers can best be interpreted and served when a woman who has children in school has a voice in the governing of the school. A mother of school children, in their opinion, is in close touch with children's needs and has a sympathetic understanding of the problems faced by the teachers.

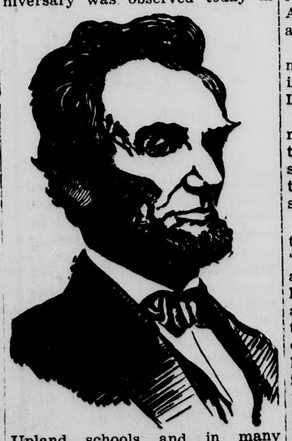

The question of representation on the school board was placed before the meeting by Mrs. Ernest C. Mehl and Mrs. James E. Goodban suggested Mrs. Anderson as the most logical candidate, hearty approval both of the project and of Mrs. Anderson's name being given by vote of the association membership.

A Founder's day program was given during the meeting, the candle lighting ceremony being conducted by Mrs. Ernest C. Mehl, who was the first president of the Tenth street association. Candles were lighted in memory of the founder of the national organization and of the

Students Honor Memory of Emancipator Today

Abraham Lincoln's birthday anniversary was observed today in

Upland schools and in many homes throughout the district.

Tenth street grammar schools were entertained with a program today by Miss Margaret Doig's room, featuring the memory of Abraham Lincoln and in observance of Valentine's day.

Dr. Irvin A. Engle, Methodist minister, spoke to the students in an assembly yesterday on Lincoln.

Today's school program was marked by the appearance of the "Tenth Street Flasher," a student publication, issued under the direction of Mrs. Rose Johnston and her group of students.

Two cartoons are included in today's issue, one showing the "Spirit of St. Louis," Lindbergh's airplane, flying across the Atlantic in 36 hours, and below is a picture of Columbus, who made the trip in three months, being drawn by Jean Fetrow. Arlene Hoffman is another cartoonist and her production today is the third one. This is the third issue of the paper and she has contributed a cartoon each issue.

The publication contains news items about the school and original stories.

COUNCIL TELLS OF REASONS FOR TREE DECISION ON TENTH

Controversy Arises Concerning Peppers and Statement Explains Stand

TAX MONEY AVAILABLE

Action Taken After Problem Is Studied and Future Considered

City officials today offered reasons concerning their decision to remove the row of pepper trees on the south side of West Tenth street. Following a recent controversy among property owners, the council decided to order the shade trees out. The statement, setting forth the councilmen's reasons, follows in full:

"Since so many people are interested in the shade trees along our highways and streets it might be of interest to make public the reasons why the city council took the action it did on the removal of pepper trees near San Antonio avenue.

"In order to give the city some benefit from the gasoline tax the county supervisors agreed to widen and pave Tenth street through the city limits at no cost to the property owner and to connect it with Arrow highway on the east. In doing this work, however, it was going to be necessary to take out one row of orange or lemon trees on each side of the street and also any other trees that would be within the boundaries of the widened roadway.

"At this time the pepper trees near San Antonio avenue were to be left in. Later, however, it was found that it would be necessary to install curbs in order to take care of the drainage problem, especially on the north side. If curbs were installed on the north side and not on the south side the street would have an unfinished appearance, consequently it was decided to curb both sides and make it uniform to Euclid avenue.

"This put a different aspect on the tree situation, for the pepper trees would then be standing out in the street five or six feet from the curb. Neither the city nor the county authorities wished to assume the responsibility of such a hazard. It was either a question of leaving out the curbs or taking out the trees and although the members of the city council dislike to destroy shade trees as much as anyone else, they finally decided it would be

Chaffey Invitational Meet To Be April 16

Chaffey officials are looking forward to the annual invitational track and field meet to be held on Graber field April 16, with Chaffey and Santa Ana each to be fighting to retain the Hickey silver loving trophy. Each of the two schools has won the cup twice and one more win will make the cup a permanent possession.

A novice meet and preliminaries will be held in the morning with the finals in the afternoon.

Dead Trees Will Be Moved Without Cost

The public wood yard in Upland is constantly in need of wood, and if property owners having dead eucalyptus trees on their premises they wish taken out, these will be removed without cost to them. A new supply of wood is now needed and if you will telephone E. H. Gibson, Upland 405, who has charge of this public enterprise, he will have men at your place immediately to remove such trees.

Red Hill Golfers To Vie With Each Other

With the return of moderate weather, golfers at the Red Hill Country club will be busy and one of the features ahead is a tournament bringing together all golfers.

Tommy Sheehan, pro, is grouping the players into the "Reds" and "Blues," with the losing team scheduled to fete the winners at the conclusion of the tourney. Definite selections of sides will be completed by next week.

Lincoln

If the spirit of Abraham Lincoln sometimes walks the streets after dark, as poets assert is true, it would have paused recently before the great bronze incarnation of its flesh in a Chicago park—not to admire this St. Gaudens masterpiece, but to enjoy the spectacle of a half dozen boys playing baseball under its floodlights. Perhaps the one hundred per cent patriot, zealously watchful of disrespect, would have resented the intense, dirt-smeared catcher squatting at the foot of the statue, and his "Batterup," and "Socko! Y're out!" But, we opine, not so the spirit of the Emancipator hovering in the shadows, says the Rotarian magazine. Probably it would have gleaned a wisp of satisfaction that it should have been even the unwitting means of providing for these street urchins an evening playground which their elders had failed to supply. For Lincoln was a friendly, informal sort of person. He liked people, and children were an especial delight.

It is unfortunate that talking motion-pictures were unknown in his day so that the reality of his personality might have been preserved visually and audibly for other generations. It is twice unfortunate that already there is a veil of myth about Lincoln the man. He has been raised to the pedestal of a hero, and something has been lost in the process.

With the years, it becomes increasingly hard to visualize Abraham Lincoln as he must have been: an angular person whose voice had a mid-western drawl; a young man whose forehead veins swelled and throbbed as he split hardwood tree trunks into rails; a small-town lawyer who knew politics as well as law; a very important man in Washington who sometimes was very lonely for humble friends.

Government Controlled Radio

The agitation for more good radio programs and less objectionable advertising continues to increase—general disgust is being expressed in no uncertain terms in regard to what the public has to put up with in this regard. We believe the plan which is said to work so satisfactorily in England—that of the government charging owners of radio sets the small sum of about 10c per month—would prove eminently agreeable in this country. Radio owners would consider such a charge an insignificant sum to pay in order to be able to sit down and enjoy programs instead of being kept busy trying to tune in some program that is not full of some kind of propaganda or disgusting advertising.

In discussing this problem the Hemet News says:

"When the senate adopted a resolution by Senator Couzens directing the Federal radio commission to report on the feasibility of government operation of the radio, it reflected a very widespread public disgust with the present management of this new miracle.

"Radio programs now are supported wholly by advertising, and while there are many good programs and some advertisers are wise enough to subordinate their advertising to the program, there are more programs that are terrible, and more advertisers who do not think they get their money's worth unless their time is half full of fulsome praise of their goods.

"Programs today are nowhere so good, on the average, as they were a couple of years ago, and many owners of receiving sets are so weary that they seldom turn them on. And if too obtrusive advertisers knew how often dials are twisted away from them in disgust, they might learn discretion.

"What would happen if the government took it over? The government would levy a small tax on every receiving set, using the money to provide well-rounded programs meeting every taste. It could have one frequency for jazz, another for music, another for lectures, another for drama, and if there is any real demand—is it possible that there is?—for bleating tenors, wailing saxophones and sobbing sopranos, there could be a frequency for that mess, too.

"But the programs would be far more satisfactory, and they would be utterly free from advertising. This system has been tried in Great Britain with universal satisfaction, and if the American radio audience could contrast the two systems for one evening, it would get behind the Couzens proposal en masse."

Isn't it wonderful what a few hours of sunshine does for a person? Here in Southern California we are always saying we never get too much rain. Yet—just let the rain come down for a day or two and we folks get so glum and long-faced that we take on the appearance of having lost our best friend—in fact, we look as though we had been deserted by all our friends and lost all of our earthly possessions besides. But just let the sun show his face for a few hours and things are changed—we're all smiles and everything goes merrily along with a song. All of which might indicate that we are not "good sports." Don't let a cloud in the sky reflect a gloom in your countenance, but let your sunshiny disposition drive away the gloom overhead.

See where an eastern town is utilizing posters bearing this legend: "Free parking—for careless drivers." Below is pictured a convict sitting on the edge of his cell in the posture of the famous statue, "The Thinker." Reminds us of warnings we saw on some of the sharp turns in the mountain roads in Montana, reading: "Drive carefully—you may meet a fool." And meeting the latter type of human driving on dangerous curves is what causes many accidents and deaths.

If Al Smith gets the Democratic nomination for president—and if he keeps up his radio ballyhoo as he did in his first campaign, it's going to be a cinch to elect the Republican nominee, no matter who he may be. We just have a hunch that the kind of stuff Al puts out via radio and the manner in which he gets it off costs him more votes than it makes him.

World Plague Spots

Covina Argus: China, like an old man, all but bedridden, unable to keep himself clean, and querulous and quarrelsome, becomes again a problem that irritates the first class powers. What to do with China is as puzzling and as disgusting a question as that of any individual on the verge of disintegration and decay. The health of the world, and its peace, is threatened again because China has lived too long.

India, another unsavory holdover from a civilization that has all but disappeared, lies prostrate, passively resistant, huge and impotent, blocking the road to progress, to cleanliness and sanity.

It is not these old men that are so menacing to civilization so much as it is the problem of what to do with them. Trying to soothe their last days may result in a disagreement of doctors and relatives, with the result that we will all be fighting before we realize it.

Clair Kirk and Wright Hamilton left here Tuesday for Fort McArthur, where they will enter the naval reserves. Robert Klindt and George Bunker are expecting calls within a few days for the same service.

Godfrey Andreas is very much alive and safe at his work in Imperial valley, notwithstanding reports to the contrary. When a Mexican was killed by a train near Pasadena several receipts bearing Andreas' name were found in his pocket and it was reported that Andreas had been killed.

"Help win the war. Raise a few chickens in your backyard," reads a sign over an exhibit of L. N. Kirk's famous red, white and blue chickens in the display window of Mehl's hardware store.

The J. B. Goodrich family is soon to have a new home on their ranch on West Sixteenth street. The house is now under construction.

E. C. Rosenberger has been made foreman-manager of the Upland Heights packing house, succeeding H. M. May, manager, who will become manager of the Exchange By-Products plant at Corona.

Mr. and Mrs. D. D. Crew are moving today into the E. P. Fuller residence on the corner of Third avenue and Tenth street.

Mrs. F. H. Manker represented the Upland city school board at a meeting of county trustees held yesterday in San Bernardino.

Mrs. Isaac Toews and Mrs. Gaede, both of Oklahoma, were guests for the past week of Mr. and Mrs. A. K. Toews. Thursday the Toews and their guests motored to Los Angeles and visited the new Adventists' dispensary on Boyle Heights.

Mr. and Mrs. J. A. Hiebert, East Fifteenth street, have as their guests Mrs. Agnes Harms and small son, Walter, of Oklahoma. Mrs. Harms plans to make her home in Upland.

Miss Ethel Leeke returned on Thursday from Pasadena, where she was the guest of Mrs. Maude Sherwood for several weeks.

TEN YEARS AGO

Steady rains and melting snow have brought all streams to the overflow stage and flood records for many years are being broken today, with many bridges washed out. C. E. Moser, Pacific Electric agent, states repairs to the San Gabriel bridge are being made and the trains will be in operation again in a few hours.

At the organization meeting of the Upland chamber of commerce held Tuesday, G. A. Hanson was named president; O. E. Atwood, vice-president; L. R. Bradley, second vice-president, and R. B. Wallace, secretary and treasurer.

Mrs. O. V. Rice is spending several days with her daughter, Mrs. Dexter Rau, in Los Angeles.

Dr. and Mrs. Foster enjoyed a surprise visit this week from five friends of Evanston, Wyo. It was their first meeting with some of the friends since 1898.

L. N. Kirk has been named postmaster for the city of Upland. Mr. Kirk has received a telegram from Senator Samuel Shortridge advising him that his appointment had been confirmed by the senate. It is not yet known when he will take charge of the office.

Directors of the San Antonio Water company in session yesterday voted to place on the market 4,400 acres of land in the mountains. This will make available to purchasers approximately 1,000 mountain cabin sites.

Announcement is made of the engagement of Clair E. Kirk, eldest son of Loring N. Kirk, to Miss Thelma Fisher of Long Beach. It is understood the wedding will occur in June.

Mrs. Everett Fuller entertained with a charming luncheon Saturday in honor of Miss Ruth Duncan, whose marriage to Frank K. Nichols will occur in the near future.

Miss Gladys Claypool left yesterday for her home in Whitewater, Kan., after spending the past six months with her brother-in-law and sister, Mr. and Mrs. John Crabtree.

Mr. and Mrs. V. A. Poole of Harbor Springs, Mich., have been guests for several days of Mr. and Mrs. R. F. Lemon. Mr. Lemon was formerly postmaster at Harbor Springs and greatly enjoyed meeting his Michigan friends.

Mr. and Mrs. John Dester of Deer Creek, Okla., are guests of Mr. and Mrs. W. F. Dettweiler. Mrs. Dester had the good luck to catch a big halibut from the pier at Newport Beach yesterday.

Manker & Benson are employed in decorating the new bank building in Chino.

Mr. and Mrs. A. W. Benson have as their guest Mr. Burdine of Earlham, Iowa. The men were boyhood friends in Iowa.

Mrs. David Vasbinder and Mrs. R. Black attended the meeting of the Silver Thimble club held Saturday in Chino.

Intoxicated Drivers Have Licenses Revoked

Driving while intoxicated resulted in the revocation of the licenses of 779 drivers in California during 1931, or more than one-third of the total cancellations for all offenders.

This was announced today by E. Raymond Cato, chief of the California Highway Patrol, who explained that his men made a special effort against this type of offender during the year.

A total of 1,775 licenses were revoked for all causes. Next to driving while drunk, failure to pay judgments involving negligence was the greatest contributing factor in revocations.

There were 71 revocations for reckless driving and 42 for excessive speed.

Licenses were taken away from 183 minors at the request of parents and guardians. The department refused licenses to 115 applicants during the year for various reasons.

TRAMWAY PROJECT INTEREST GROWING

Backers of Proposed Aerial Route to Mt. Baldy Are Working Quietly

Desiring not to let the detailed plans become public, but working quietly, backers of the proposed tramway to the summit of Mt. Baldy are busy today with preliminaries. Indications point to the determination of the concern to construct the aerial route from a point in San Antonio canyon to the top of the famous mountain peak. The project cost is estimated at $750,000.

T. S. Lungren, Los Angeles, is known to be one of the men interested in the project and he has advised Clair E. Kirk, chamber of commerce secretary, of the interest shown in the project by the largest industrial concerns in the United States. A large steel concern, which has built tramways in Europe, has offered its support in the local project.

About eight months of the year the Mt. Baldy region is snow-covered, but inaccessible due to the lack of proper roads. The plan is to transport people to the top of the peak where snow sports could be enjoyed.

Permission has been obtained from the San Bernardino county supervisors to construct the tramway, but when Mr. Lungren sought to get a permit from the Los Angeles county supervisors, they reported it was out of their jurisdiction. William Mendenhall, supervisor of the Los Angeles forest, has been reported as favorable to the project.

"Redemption" Next in Little Theater

"Redemption," Count Leo Tolstoy's classic drama, has been announced as the sixth production of the Claremont Community Players current season, it was learned in Upland today from Mary C. Blaisdell, Players director. The famous play, which is sometimes known as "The Living Corpse," will be presented March 1, 2, 3, 4 and 5 in the Little Theatre in Padua Hills.

Eleven of the 40 characters required for the colorful production have already been cast. Francis W. Shaw will play the role of Fedya, which was done by John Barrymore in New York and has since become, in the tradition of Hamlet and Macbeth, one of the most celebrated roles in the theatre. Others in the cast are Frieda Jaeger, Stuart Briggs, Helen R. Huggins, Henry Waterman, Eunice Judy, Sam Warren, Marjorie Allen, Hazel Nohavec, Fred Graeser and Richard Williams.

"Redemption" is considered the greatest dramatic work of the widely-read Tolstoy, author of "War and Peace," and "Anna Karenina," and according to Miss Blaisdell will be the Players "piece de resistance" of the year.

Demand For Space at Orange Show Greater Than Ever; Success Is Seen

There is cause for rejoicing in San Bernardino and among the ranks of citrus growers everywhere, all because the National Orange show gives promise of having a most successful season with its 1932 edition which is scheduled for February 18-28.

Notwithstanding conditions the National Orange show has disposed of practically all its industrial space as well as its carnival space and concessions. Fourteen organizations have about completed the building of their feature displays. More than 60 exhibitors of fruit for the rack displays have taken all space available. There are more exhibitors in the by-products division than ever before.

Thus there is rejoicing with only one little disturbing factor. Gin Chow, the Chinese weather prophet, says it is going to rain in torrents during the orange show. But if the weather is good, the orange show officials wont worry because they claim that the 1932 show is the best in the history of the organization. Anyway if it does rain, the orange show building will afford protection.

The feature exhibitors this year are Los Angeles county, Ventura county, San Diego county, Orange county, Riverside, Sacramento, Corona, Colton, Pomona, Ontario, Pasadena, Hemet, Redlands and the state department of agriculture.

The rack exhibitors include a gigantic display 250 feet long under the Sunkist brand of the California Fruit Growers Exchange, the first time members of this organization have joined together in a unified display. The Mutual Orange Distributors have their usual large display, while numerous sections are represented with rack displays of the finest fruit. Gov. Rolph opens the show Thursday evening, February 18.

News of American LEGION ... and Auxiliary

The American Legion is squarely behind the effort to obtain action at this session of congress on the bill providing pensions for widows and orphans of ex-service men and it will do all within its power to bring about the speedy passage of the measure.

"Igloo" Wants Home

"Igloo," the baa-baa blacksheep of the area commanders' family of the California Department of the American Legion, is still sticking close to the shins of Reeves Hendershot of Glendale, commander of the organization's fourth area, and enjoying southern sunny skies. Hendershot has tried to lose the animal for the last two months, but his area is still at the bottom of the percentage column in membership so it will be up to him to give "Igloo" maternal care during the month of February.

Initiation by Radio

Commemorating the birthday of Abraham Lincoln the California department of the American Legion will stage its fifth annual initiation of new members by an all-western radio hookup. The program will go out over the National Broadcasting company's system and will eminate from station KPO, San Francisco, between 8:30 and 9 p. m.

pumping labor, power, lubricants, pump expenses, repairs, purification, meter expense, zanjero salaries and expense, superintendence, general office salaries, office expense, postage, general expense, shop expense, tool expense and depreciation of pumping plants, booster plants, and automobiles.

Mr. Beattie's plan has been approved by the water company directors and its adoption is subject to ratification of the stockholders.

"For the past two years we have had under consideration the advisability of a change in policy with regard to collecting money for operating expenses and necessary replacements and improvements," Mr. Beattie said today in a communication sent to all stockholders.

"The policy adopted years ago has been to meet all operating expenses by assessments on the shares of stock and the cost of a large part of the improvements has been financed by bond issues.

"Under the policy of stockholders paying for water used through assessments on stock, there has been no incentive to economize in the use of water; the cost to the individual stockholder being the same whether he used all the water he was entitled to or only a part, and naturally most of the stockholders have used the maximum water available. Many of the mutual water companies have adopted the practice of dividing their operating cost accounts into two classes. One to be collected for by assessments on shares of stock and the other to be collected for by a monthly charge for water actually used on an hour inch or day inch basis.

"Under the assessment expenses are grouped the fixed charges which include a considerable proportion of the charges for depreciation—leaving the balance of the depreciation and all the costs of actually delivering water to be grouped under the water delivery expense to be collected for through the monthly charge system. This does create a real incentive for the stockholder to economize on expense and conserve water, as he only contributes to the expense of pumping and delivery of water in proportion to the amount of water he uses and not on the basis of the number of shares he owns. Every run of water that he is entitled to use but can do without, means a definite and direct saving to him."

FRANKENSTEIN IS UNUSUAL THRILLER

Tale of Monster Will Be on for Five Days in Upland Theater

For weeks and weeks, we have been eagerly awaiting "Frankenstein." It is here. It is going to play the Upland theatre starting Sunday. Unless you are entirely shock-proof, we advise you to come prepared. "Frankenstein" is a shocker—no two ways about that. The Universal company, which made "Dracula," planned to outshine "Dracula" in this production, and they have done it. "Frankenstein" is without a doubt the most thrilling, the most exciting, the most dramatic picture of the year.

You remember the old time legend. You undoubtedly know that Frankenstein was the man who made a monster. Frankenstein was filled to the brim with ambition to create a creature which would walk and talk, breathe and eat like human beings. It was scientific zeal with him. So great was his absorption in this scientific task that he locked himself away from his friends, his family and even his fiancee, the beautiful Elizabeth.

But in spite of them all, he actually galvanized this eight-foot monster into life. But alas, the monster had the strength of twenty men and the shrewd, cunning ruthless brain of a criminal. What happened? Frankenstein could not control it; chains and walls could not restrain it; neither reason nor pity turned it from its ruthless course.

Scouts To Have Part in Church Services

Members of the Boy Scout troops No. 1 and No. 4 will participate in the special services at the Methodist church Sunday night.

Harold Stickney and Frank C. Davis, scoutmasters, urged all the members to be at the church for their part in the program.

Don Cossacks, Great Russian Chorus, Will Appear at Claremont

Described by critics as one of the greatest choruses ever to visit America, the Don Cossacks, on their first tour of the Facific coast, will be heard in Bridges auditorium, Claremont, next Wednesday evening as the fourth event in the artist course. The chorus itself is a remarkable ensemble of 36 men, all former officers of the Russian Imperial army, who are welded into an organization that for eight years has been the sensation of Europe.

Their all-Russian program includes the stately music of the church, the folk songs of the Don of the Ukraine, and the typical soldier and Cossack songs that have made their organization famous.

Their first concert of this season in Carnegie Hall, New York, was completely sold out, and they were compelled to give twelve encores to an audience entirely taken by storm.

It is by rare good fortune that this organization is brought to Claremont and neighboring communities through the artist course at Bridges auditorium. Advance reservations may be made by telephoning Claremont 5783.

Saturday Last Day One May Register for School Vote

Warning that Saturday, Feb. 13, is the last day that a resident of Upland may register for the school board election to be held on March 25, was given this morning by Mrs. Roy Creighton, official registrar of voters.

Mrs. Creighton and those assisting her have made earnest efforts to reach all voters, but there are still a number whose names have not yet been recorded. Mrs. Creighton states she has been to some of the homes as many as three times without finding anyone in, and she urges that all who have not yet registered come at once to Creighton's sporting goods shop on Second avenue and make certain their eligibility to vote in the coming school trustee election.

"Do you know your wife is telling everyone you can't keep her in clothes?"

"That's nothing. I bought her a home and can't keep her in that either!"

Picture Councils To Be Organized After Luncheon Meeting

First step toward eventual organization of a Valley Federation of Motion Picture councils was taken Tuesday during a luncheon held in Claremont and sponsored by the Pomona Valley branch of the American Association of University Women for the purpose of increasing interest in the movement to secure better motion pictures and for coordinating the various phases of the work.

Several members of the Upland Motion Picture council were in attendance, they being the council president, Mrs. L. J. Horsch, Mrs. W. F. Kitchel, Mrs. T. J. Cromer, Mrs. J. H. Freeman and Mrs. Mary Eckerman. The 37 other women present came from Covina, San Dimas, Glendora, Ontario, Pomona, and other cities in the valley.

Mrs. Virwink of Los Angeles, president of the State Motion Picture council; Miss Ryllis Hemmington, chairman of public relations for the Fox West Coast Theatres, Inc.; Mrs. Palmer Cook, chairman of the motion picture department of the university women's organization, and Mrs. L. J. Horsch, president of the Upland Motion Picture council, were the speakers. Mrs. Voorhis of San Dimas, president of Pomona Valley branch, A. A. U. W., presided at the meeting and the speakers were introduced by Mrs. Chas. F. Bonadiman of Chino, chairman of education, A. A. U. W.

The aims and accomplishments of the picture producers and of the women's organizations interested in raising the standard of pictures were discussed by the Los Angeles speakers. Mrs. Horsch gave greetings from the Upland council and explained the work it is doing.

Following the addresses an open forum was held, many questions being answered. The theme of the entire discussion was harmonious and helpful cooperation, the fact being stressed that the women of the country are not trying merely to criticize pictures, but rather to work with the producers in raising the general standard of screen entertainment.

The result of the meeting was that the representatives from the various towns returned to their homes with definite plans for organizing local councils. When this step is accomplished, the proposed Pomona Valley council will be undertaken.

Because the Upland council is successfully pioneering the work in the valley, its members attending the meeting were asked to sit with groups of women from the other towns and explain the work being done in Upland.

Mrs. Linkey Entertains at Chinese-Valentine Dinner—

A combined Chinese and Valentine motif was used in the menu as well as in the table appointments and decorations when Mrs. I. J. Linkey entertained at dinner Tuesday evening for members of her bridge club. The Mandarin and St. Valentine's colors were in evidence in the fragrant blossoms, japonica and sweet peas, and Chinese incense added an Oriental touch.

Following the dinner, bridge was played, the women's high score prize going to Mrs. Francis Rogers and the first prize for men to Dr. W. R. Farmer, while Francis Rogers drew low award.

Mr. and Mrs. Manley will be hosts at the next meeting of the club.

Attending the party Tuesday night were Mr. and Mrs. R. G. Manley, Mr. and Mrs. Francis Rogers, Dr. and Mrs. W. R. Farmer, Mr. and Mrs. A. L. Moore, and the hosts, Mr. and Mrs. I. J. Linkey, all of Upland, and Mr. and Mrs. Clarence Nicholson of Claremont.

The Howard Graves Entertain at Delightful Dinner—

In keeping with the custom followed each year in celebration of the birthday anniversary of Mrs. W. C. Jones, Floyd Jones and Mrs. Howard Graves, which occurred early in February, Mr. and Mrs. Howard Graves entertained recently at a delightfully planned 2 o'clock turkey dinner.

The home was prettily decorated with garden flowers and the color motif of pink and green was used in the table decorations. After dinner there was an exchange of gifts and the remainder of the afternoon was spent in enjoying music and conversation.

It being a rainy day everyone seemed content to rest by the fireside and at 6 o'clock a large birthday cake, ice cream and coffee were served to the guests by the hostess.

Attending the pleasant affair were Mr. and Mrs. W. C. Jones, Mr. and Mrs. Floyd Jones, Mr. and Mrs. Roy Creighton, Mr. and Mrs. William Plagens, Miss Bernice Jones, Jack Creighton, Miss Helen Jones, Miss Marian Lewis, Mrs. Irma Peters and daughter, Patsy, Morris Stevens and the hosts, Mr. and Mrs. Graves.

University Women To Meet in Ontario

The Ontario hotel will be the scene of the annual guest night dinner meeting of Pomona Valley branch, American Association of University Women, when the members gather Saturday evening from the various communities in the valley.

"Russian Impressions" will be given by Dr. Frank W. Pitman, head of the department of history in Pomona college. Dr. Pitman spent last year in Europe and made a close study of conditions in Russia.

Mrs. Dorothy Neilson will contribute a group of vocal solos. She will be accompanied by Mrs. W. M. Dundas.

The dinner will be served at 7 p. m., and the members are to have the privilege of bringing their husbands.

Baldy District Ladies Hold Library Tea—

Prevented from holding their regular meeting the first Tuesday in February because of a storm that left 11 inches of snow on the ground in less than 48 hours, ladies of the Baldy district gathered at Bear Canyon resort Tuesday afternoon for a deayed session of the monthy Library tea.

"Old Man Weather" tried to order another postponement, this time with a long steady rain that at times reached the proportions of a cloudburst and raised streams to a dangerous level, but the very satisfactory attendance gave evidence that weather cannot always be the dictator.

Mrs. F. R. Quintaval, librarian, presided at the meeting and introduced the speakers. They were: Mrs. Roy Wisely, whose subject was Mary Roberts Rinehart; Mrs. B. Hoover, who reviewed Zane Grey's works, and Mrs. Forrest Wicox, who discussed the Nobe prizes and their donor, Alfred Nobel, Swedish entist and inventor. Sinclair Lewis, only American winner of the $40,000 literary award, and his book, "Main Street" were interesting features of the discussion.

Hostesses for the afternoon were Mrs. Arthur Allison and Mrs. Emer McClure.

English authors will be the subjects for review at the next meeting, which will be held the first Tuesday in March at Bear Canyon resort. Mrs. S. Teazle will be the hostess.

Officers Nominated by Upland Hostess Club—

Miss Corrinne Hedges and Miss Esther Anderson were the speakers at the meeting of the Upland Hostess club held Monday evening at the home of Mrs. R. S. Hood on West Tenth street, the discussions concerning the life and activities of George Washington. Miss Hedges also served as hostess for the evening and Miss Lois LeBaron Avery gave a helpful criticism of the program.

During a business meeting conducted by the president, Mrs. Merrill H. Moremen, nominations were made for new officers, the election to be held at the next meeting, March 14.

Miss Corrinne Hedges and Miss Esther Anderson were nominated for the office of president. The other nominations were equivalent to election, since only one nominee was named for each office, they being Miss Rhoda Widmer, vice - president; Miss Rosamond Martin, secretary-treasurer, and Miss Gertrude Greenlee, timekeeper.

The very enjoyable dinner was served at a table attractively decorated in the patriotic colors of red, white and blue.

Club Members Enjoy Excellent Program; Adopt Resolution

Displaying a remarkable memory and a real talent for expressing in a comparatively few words the theme of a thoughtfully written book, Mrs. Virginia Cole Pritchard of Los Angeles held the interested attention of a large audience of club women Tuesday when for an hour she addressed the members of the Upland Woman's club gathered in their club house for their luncheon program, her three-fold subject being "Current Events, Drama and Literature."

The "current events" concerned the daily happenings in China and an enlightening analysis of the Sino-Japanese situation was made through a rapid and clever review of a number of such books as "Chinatown Quest," "Tortured China," "East Wind, West Wind," "Realization in Romantic Japan," "Russia, My Home," "Stalin," and "Stepping Westward."

A few minutes were devoted to a discussion of Greek drama and as an example of excellent drama, Mrs. Pritchard reviewed the fascinating Eugene O'Neill story, "Mourning Becomes Electra." Other books reviewed entertainingly were George Bernard Shaw's "Ellen Terry's Letters" and "Life Was Worth Living."

The luncheon, planned by Mrs. E. E. Hawthorne, who had volunteered to experiment with a new arrangement for the menu, was a delightful affair and quite successful. The table and the auditorium were attractively decorated in a profusion of Valentine symbols.

With the president, Mrs. Nora M. Eells, presiding, Mrs. Geo. S. Foster read the club collect and Mrs. F. B. Harn led the flag salute, followed by assembly singing under the direction of Mrs. D. C. Perry, Mrs. W. M. Dundas accompanist.

A special musical treat was given when Mrs. Perry's large chorus sang three beautiful numbers, Mrs. Dundas again accompanying. Mrs. Perry has done splendid work in directing the chorus and the club women are anticipating many enjoyable programs of song.

Announcement was made of the Colonial dinner being planned for the evening of Feb. 23, beginning at 6:30, when the husbands of the members are to be special guests. Mrs. R. C. Norton is in charge of arrangefents. The program is being arranged by Mrs. J. E. Sargent and will be presented by those very popular Bilbrews, Heart of Dixie entertainers. Reservations must be made not later than Saturday, Feb. 20, with Mrs. R. C. Norton, Upland 74-W, or with Mrs. Clyde Whiteley, Upland 725-J.

During the business meeting the present much agitated tax question was brought before the club by Mrs. Joseph Simons, chairman of the civic section, the members of which have been devoting much time to the study of city and county taxes. Mrs. Simons presented a resolution, recently adopted by the civic section commending C. E. Grier, chairman of the board of county supervisors, for his efforts to equalize and reduce taxes and also calling upon the board of supervisors to make further reductions through ecomomies in operation.

The resolution was placed before the club for approval and was adopted with less than one half of the 85 women present voting, the result being 28 for and 7 against adoption. It is understood that the club women not voting were of the opinion that it should not be the policy of the club to make official public expression on political questions.

The resolution as adopted read:

We, the Civic Committee of the Upland Woman's club, express our appreciation of the efforts of Supervisor Grier to lower taxes.

We furthermore wish to petition the County Board of Supervisors to use whatever means lie in their power to cut the expense budget for the coming year and so bring about a reduction in taxes. While it is not our wish to needlessly sacrifice efficiency, we realize that economy is an absolute necessity at this time and must be practiced by all even at personal sacrifice. We do not want plans for a dim future, we want immediate action.—Signed,

Civic Committee,
Mrs. Joseph Simons,
Chairman.

Junior High Honors Two Patriots

Memories of George Washington and Abraham Lincoln were featured in the assembly at the Upland junior high school today. Life of Washington was shown in pictures, with the school's moving picture machine being used.

Robert Thompson, son of Dr. and Mrs. O. A. Thompson, delivered Lincoln's Gettysburg address.

Mrs. Derfer Hostess at Circle Meeting

Members of the Northern circle of Bethel Congregational church met with Mrs. Martin Derfer at her beautiful home, Vale Vista, in Red Hill Estates, where they were entertained Wednesday at a delightful 1 o'clock luncheon.

Mrs. C. E. Wetherbee presided at the business meeting, during which plans were outlined both for work and for social activities.

On the second Wednesday in April it is planned to go to Pasadena, where a picnic lunch will be held in some park to be selected and the afternoon will be devoted to a tour of the Huntington library.

Following the business meeting some time was devoted to the telling of stories and anecdotes about Washington, all members taking part, and Mrs. Geo. W. Somes read a clipping from an old newspaper published in 1799.

The remainder of the afternoon was spent in hearing Mrs. Frank Ripley, who has made a life study of birds, speak on the birds of California, illustrating her bird stories with beautiful colored plates.

Attending the luncheon and meeting were the Rev. Mr. and Mrs. C. L. Knight, Mrs. William Cumming, Mrs. E. P. Dean, Mrs. P. C. Hutchison, Mrs. F. P. Margarum, Mrs. Earl F. Smith, Mrs. A. W. Gunn, Mrs. C. Earl Wetherbee, Mrs. A. J. Stewart, Mrs. Abel Guion, Mrs. Geo. W. Somes, Mrs. F. C. Rippley, Mrs. A. T. Wilkins, Mrs. R. C. Williams, Mrs. D. E. Vowles, Miss May Hasses, Miss Gertrude Reid, and the hostess, Mrs. Derfer.

Mrs. Garner Honored by Members of Pochionu Club—

Members of the Pochionu club met Thursday with Mrs. Roy Barker at her home, 542 Rosewood, Ontario, the hostess being assisted by Mrs. H. L. Presba and Mrs. Sam Barker.

The event was in the nature of a farewell for Mrs. Ben V. Garner who with Mr. Garner will leave Sunday by automobile for Missouri for an indefinite stay.

At 12:30 a delightful two-course luncheon was served at quartet tables prettily decorated in the Valentine motif, with red predominating.

Bridge was played during the afternoon, prizes being won by Mrs. Roy Creighton, first; Mrs. Garner, second and Mrs. Effie Keen, consolation.

During a short business meeting held by Mrs. Edna Barker, president, one new member was received, Mrs. Roy Creighton who takes the place of Mrs. Garner. Mrs. Barker then presented to Mrs. Garner a lovely gift from the club. Mrs. Garner responded prettily by reading a poem.

One guest was present, Mrs. Bernice Robbins of Ontario who took the place of Mrs. Mabel Collins of Chino who was ill.

Mrs. Effie Keen will entertain the club on March 17 at her home in Pomona.

Attending the party Thursday were Mrs. Blanche M. Loch, Mrs. H. C. Kennedy, Mrs. C. O. Devert, Mrs. Isabelle Wisely, Mrs. N. Brian, Mrs. Effie Keen, Mrs. Roy Creighton, Mrs. H. L. Fresba, Mrs. Sam Barker, Mrs. Ben V. Garner and Mrs. Roy Barker.

Wesleyan Guild Entertained by Mrs. Vernon Paine—

Beginning with a 6:30 contributed dish dinner, served in attractive fashion, members of the Wesleyan Guild of the Methodist church held a combined business and social meeting Tuesday night at the home of Mrs. Vernon V. Paine in College Heights. The dinner was a delightful affair, numerous delectable dishes being served.

With Mrs. Clifford Jellison presiding, a business meeting was held and while discussing plans for future activities, the members were busy making bedspreads for the nursery at the San Antonio Community hospital.

A review of the lesson from the study book was given by Mrs. Oris Heinauer and Miss Eileen McNiece led in a devotional service.

Definite plans were made for a play to be given in Crowell hall some time in the early part of March. The play is to be a comedy and although details of the plans have not yet been completed an entertaining evening is expected.

Attending the meeting were Mrs. Clifford Jellison, Misses Dorothy and Hazel Miller, Miss Margaret Brest, Miss Eileen McNiece, Mrs. Oris Heinauer, Mrs. Ernest Olson, Mrs. George Cunning, Miss Dorothea Hood, Mrs. H. J. Stickney, Miss Florence Armstrong, Miss Lois Kent, Mrs. Floyd Chambers, and Mrs. Paine.

La Estrella Auxiliary Holds Pleasant All-Day Session—

An enjoyable all-day meeting was held by members of La Estrella auxiliary, O. E. S., when they gathered at the Masonic hall Wednesday for a regular social and sewing session.

With Mrs. W. H. Andrews, Mrs. Gust Anderson and Mrs. Roy Creighton as hostesses, a contributed luncheon was served, the noon hour providing a time for merry chatting.

During the afternoon the women tied one comfort and started a new one, finding opportunity to visit as they worked.

Attending the meeting were Mrs. Andrews, Mrs. Anderson, Mrs. Creighton, Mrs. W. D. Barker, Mrs. Mary Eckerman, Mrs. Oscar Gaither, Mrs. Etta Johnston, Mrs. Harry Kennedy, Mrs. H. M. Guy, Mrs. Blanche M. Loch, Mrs. Perry O. Long, Mrs. Wayne E. Morse, Mrs. A. N. Monroe, Mrs. R. C. Norton, Mrs. T. M. Nichols, Mrs. F. W. Palmer, Mrs. E. C. Rosenberger, Mrs. A. C. Smithburn, Mrs D. C. Sutton, Mrs. Isabelle Wisely, Mrs. David Widmark and Mrs. G. P. Von Stein.

Four Seek Places on Ontario Council

Four Ontario city council positions are being sought by four men, who have been recommended for the positions by a citizens' committee.

Those recommended for election are Francis P. Williams, who is seeking re-election, Ed Drew, Leland Davidson, and Walter V. Combs. No additional candidates for the posts had appeared today, although reports were to the effect that more competition would be experienced.

Drive Autos Safely Is Aim in Campaign

Assisting in a state-wide movement, C. J. Boone, captain of the San Bernardino division of the state highway patrol, announced today that the local unit will cooperate with the California committee on public safety in an intensive month-by-month drive for the observance of safe-driving.

The committee and city, state and county officers throughout California will direct special attention each month to a special factor in the safe-driving campaign, it was said.

During February, the drive will direct attention to the unlawful passing of standing street cars; March, cutting in when overtaking another motorist; April, excessive speeds at intersections where view is obstructed.

Girl Reserves Hear Address on Service

With 14 members present, the Upland Girl Reserves held their regular contributed supper and meeting in the Presbyterian church Tuesday evening, the session being supervised by the two advisors, Miss Esther Anderson and Miss Marian Holden. Margaret Paulin presided as president.

The speaker was Mrs. Mary G. Eckerman, who told the girls of the work of the city welfare committee, of which she is chairman. Mrs. Eckerman's talk stressed the value of one phase of the Girl Reserves code, "ready for service."

Interesting reports of the convention held in Long Beach were made by Margaret Paulin and Betty Witman, who attended as delegates from Upland.

Seventh Graders Win Over Tenth Street

Basketball fever is getting the grade school athletes as well as the older youths and yesterday afternoon the Tenth street school five clashed with the seventh grade at the Upland junior high school. The advanced grade won, 9 to 7.

Among the players on the winning side were Ellsworth Mitchell, Carl Sibold, Dean Phillips, Vern Maxie, George Foote, Walter Schultz and Joe Hernandez. On the Tenth street school team were Gene Fetrow, Hugh MacLean, Lyle Hayes, Kobe Shoji and Junior Woltman.

Mr. and Mrs. Harwood Here From New York

Arriving Tuesday night from New York, Mr. and Mrs. Paul Harwood are visiting Mr. Harwood's father, C. E. Harwood, at the home on Euclid avenue.

Mr. Harwood, who also has visited briefly with his brother and sister-in-law, Mr. and Mrs. Edw. C. Harwood of Pasadena, will leave tonight for New York, but Mrs. Harwood is remaining for a longer visit.

Mr. and Mrs. Frank Gingerich, 1530 Euclid avenue, had as their guests Thursday their cousins, Mr. and Mrs. James Roberts of Los Angeles.

Mr. and Mrs. Harry Phelps of San Antonio Heights had as their guests over the week-end their friends, Mr. and Mrs. I. J. Siler of Beverly Hills.

Misses Phyllis Moore and Sarah Louise O'Brien left Wednesday for Los Angeles where they are preparing to enter the University of California at the beginning of the second semester.

Rev. F. D. Mather, father of Wiley W. Mather, is making satisfactory recovery in the Hollywood hospital, following a recent illness. He is able to enjoy much time in the sun room and is resting comfortably.

As the result of an injury sustained recently in a fall, Mrs. Lewis Jenison has been confined to her home, 662 Second avenue, for the past two weeks. An examination revealed a dislocation of her hip, which proved very painful. She is now improving satisfactorily.

James E. Goodban is back today from San Francisco, where he attended during the first of the week the convention of the California and Nevada Brownbilt shoe dealers. He went by motor with other Brownbilt store representatives in this district.

Andy K. Rae, who is making progress in introducing his new line of flavors, was in Los Angeles yesterday in connection with his new product. Since introducing it here, many local people have purchased the flavors, several Upland grocery stores having added it to their stocks.

Every member of the D. R. Kilbourne family is ill of influenza at their home on West Twenty-fifth. The patients, Mr. and Mrs. Kilbourne and two daughters, Luella and Caryl, have been very ill, but are now convalescing. They are being attended by a nurse.

Mr. and Mrs. Geo. C. Brown of Eleventh avenue, are planning to go to Pasadena Sunday to attend a family reunion to be held in honor of Mrs. Brown's birthday at the home of her son and daughter-in-law, Mr. and Mrs. W. Raymond Meeker. Others present will be a son-in-law and daughter, Mr. and Mrs. Fred Barker, of Arcadia, and a daughter, Mrs. Carry DeWitt of Pasadena.

An item appearing in the local column of a recent issue of The Upland News, seemingly turned time backward about 16 years for Mrs. H. D. Herron (Miss Ella Haddow). The item stated Miss Ella Haddow was in training in St. Vincent's hospital in Los Angeles and that her mother, Mrs. J. F. Haddow, had gone down to visit her. This bit of news belonged, of course, in the "Ten Years Ago." Mrs. Herron has for a number of years been a graduate and a registered nurse.

Edward Pullen spent Wednesday and Thursday in Los Angeles transacting business.

Mrs. Walter Sanders of San Antonio Heights has returned from a few days visit with her daughter in Long Beach.

N. J. Roberts, father of Mrs. M. F. Brown of First avenue, left on Thursday for Madisonville, Ky., in response to a telegram telling of the illness of his father.

Mr. and Mrs. P. H. Wright of Chino were dinner guests Tuesday of their son-in-law and daughter, Mr. and Mrs. Raymond Benner on First avenue.

Lisle W. Reinhold, local Ford dealer, was in Riverside Tuesday night with other car dealers, who heard discussions on service and other phases of the automotive business.

Mr. and Mrs. James Kermott and two children, of East Eleventh street, are planning to go to Pasadena Sunday to attend a Rusk county, Wis., picnic, to be held in Brookside park.

Upland Women May Hear Dr. Westcott at Chino Meeting

Dr. Regina Westcott, one of the foremost women educators and psychologists of the Pacific coast, is to deliver the second in a series of three lectures before the Chino P.-T. A. on Thursday, Feb. 18, it was announced today by Mrs. T. L. Johnson of Ontario, president of the Ontario council, P.-T. A.

Not only may any P.-T. A. member from Upland or surrounding communities attend the lecture without charge, but their presence will aid in paying the expenses.

Dr. Westcott is lecturing under the auspices of the state extension department and she is paid by the state, provided a certain number attend the lectures. The Chino P.-T. A. is sponsoring her appearance there and an allowance of 27 cents from the state funds is made for each one attending. Should the attendance be less than required the sponsoring P.-T. A. will be responsible for the deficit. Therefore, all who attend from the two Upland associations not only will have the coveted privilige of hearing Dr. Westcott, but also will be aiding the Chino P.-T. A.

"I hear your wife is in the lecture field. How long has she been at it?"

"Ever since we were married."

Brother Placed in Jail Here to Clear Up Orange Stealing

Together, they kept their secret, but when separated two youths weakened and today Upland and Claremont police have the solution for the theft of oranges in the Claremont district.

Delbert Krajewski, 19, Los Angeles, spent 2½ days in the Upland jail while his brother was in the Claremont jail. The youth here confessed the crime to end his confinement and later the two boys signed a confession.

The youths were suspicioned of the thefts, but they stuck to an original story for several days. The one was brought here and finally the story of taking eight sacks full of oranges was related.

Salary Adjustments Are Being Arranged

Salary adjustments and equalization instead of an arbitrary wage cut for all county employes were foreseen today as the result of a joint session of the board of county supervisors and all county departmental heads.

Classification of all lines of work and duties in each department will be completed by those in charge and the results compiled in a questionnaire to be returned to the board by next Monday.

Appointive departmental heads will also be included in reductions, it was reported. The adjustment system was worked out in detail by the supervisors who pointed out numerous examples of varying wages paid in the different departments for the same class of work.

Boys Ready to Gather Clothing

All Upland residents are reminded that tomorrow morning the Boy Scouts of the city will call at their homes for old clothes.

Everyone who has any used or discarded clothing is urged to have it made into bundles and ready to be collected by the scouts when they call.

The boys will make their visits to all homes beginning at at 9 a. m., and the clothing collected will be turned over to the Associated Charities to be distributed to those in need in Upland.

Methodist Women in All-Day Meetings

Mrs. John R. Lyons of Claremont held the close attention of all attendants at the meeting of the Woman's Foreign Missionary society in the Methodist church Thursday afternoon when she told a story of absorbing interest of a young Chinese student.

Mrs. Lyons has spent some time in China and has a sympathetic understanding of the Chinese viewpoint. The story she told was of a rich young man whose close observation and study of the Christian religion led him to change from his staunch belief in the teachings of Confucius and become a Christian.

Mrs. Lyons also exhibited a number of Chinese curios and several of the women assisted her by doning various Chinese costumes. The speaker herself was in costume.

A group of piano numbers was contributed by Mrs. W. M. Dundas and the program was preceded by a brief business meeting.

The Woman's Home Missionary society and the Ladies Aid society each held business meetings in the morning and noon luncheon was served by the N. E. W. circle.

Nazarene Missionary Society in Meeting

Mrs. T. E. Ketcheson was hostess at a meeting of the Woman's Missionary society of the Nazarene church, held at her home on West Tenth street Thursday.

An all-day meeting was held, considerable sewing being done in the morning with a contributed dish luncheon served at the noon hour.

During the afternoon an interesting program was presented, Mrs. Fred A. Smith being in charge. Work in the foreign mission fields was the subject of a general discussion.

Dates Set for Annual Public Schools Week

California's 13th annual observance of Public Schools week will be held this year during the week of April 25th, according to the announcement by Robert B. Gaylord, grand master of Masons of California. The week was originally instituted to call the attention of the public to the critical condition in the schools because of the shortage of teaching staffs due to war service and to bring the teaching personnel of the state to as near normal as possible.

Daughters Present Patriotic Program Thursday Evening

With a number of visitors present, Mary Brainard Tent, Daughters of Veterans of the Civil war, held a patriotic meeting last evening during which a Washington and Lincoln program was presented.

Gathering at the American Legion club house at 7 p.m. the members of the tent held their regular meeting, after which the doors were opened to the visitors and the program was presented.

Mrs. Louise Hamer presided as program chairman and very cleverly presented those taking part.

Alois Podrasnik, commander of Ontario post, G. A. R., was the principal speaker, discussing events in the lives of Washington and Lincoln and also giving some reminiscences of the Civil war.

Mrs. M. Ginevra Moses, mother of Mrs. Sadie Benner delighted the audience by giving a reading, "Over the Hill to the Poor House" by William Carlton. Mrs. Moses will be 85 years old on Decoration day. Mrs. Catherine Evans and Mrs. F. E. O'Brien contributed a vocal solo, Mrs. O'Brien playing the accompaniment.

Mrs. A. F. Herrington read a playlet, "Martha and George Washington Return," and Miss Marion Short played a violin solo, accompanied by Miss Ethel Anderson. A group of vocal solos was given by Miss Ethel Leeke, Miss Anderson accompanying, and Mrs. Iva Marr won an insistent encore with her comedy reading, "Discovering America."

The meeting was closed with a social hour and the serving of refreshments.

Members of the G. A. R. and their wives were among the guests, also commanding officers and presidents of the patriotic orders, they being Alois Podrasnik of the G. A. R., Mrs. Iva Marr, of the W. R. C., Mrs. Carrington of the Auxiliary to Sons of Veterans; Mrs. Clara Lamb, of the American Legion Woman's Auxiliary, Mrs. Laura B. Hanson of Isabelle Barrett tent of Pomona, and others from Pomona; Mrs. Faklen of Riverside. Miss Scheiss, sister-in-law of Commander Podrasnik, and the obligated Sons and their wives, Mr. and Mrs. J. F. Haddow, Mr. and Mrs. W. A. Getty, Mr. and Mrs. H. J. Clewett, Mr and Mrs. F. E. O'Brien and the families of the Daughters.

Pomona, San Diego To Clash Tomorrow

Fresh from a 30-17 victory over the unofficial team from Caltech, the Pomona cagers will attempt to upset the powerful league-leading San Diego quintet Saturday night in the Claremont gymnasium.

The Sagehens may enter the game minus the services of the two senior members of the squad. Captain Frank Clements has been temporarily lost because of scholastic difficulties, but hopes to regain his eligibility upon passing an examination. John Blanchard, star of the Whittier game, has just reported to practice after a siege with the flu, and it is doubtful whether the Sagehen sharpshooter will be in condition to oppose the Aztecs.

ROADS LEADING TO RESORTS ARE OPEN

Effects of Heavy Rain Are Cleared as Travel Is Resumed

Motor travel between San Bernardino and the various mountain points was resumed today, swollen streams had returned practically to normal, flood danger from melting snows was minimized by authorities and the county in general had settled down to enjoy a period of fair weather.

Clear skies greeted the valley yesterday for the first time in a week, while the United States weather bureau reports "no more rain in sight."

Both the Waterman canyon road to Lake Arrowhead and the desert route to Big Bear valley were thrown open to traffic yesterday and the Motor Transit company sent stages through to both resorts.

Portions of the Waterman canyon road, which was damaged badly by a cloudburst Tuesday, are still being repaired and one-way traffic is necessary. The same is true of the Big Bear road.

Pasadena Woman Is Hurt in Accident

Graduate nurses in this district are to meet Wednesday night at the home of Mrs. Harriet Fleming in Ontario. This will be one of the regular meetings of the nurses' association.

Mrs. W. N. Kirk, Pasadena, is suffering from injuries received in an automobile accident near Ontario yesterday afternoon. She is a patient at the San Antonio Community hospital, where her condition is said to be serious.

She was a passenger in the car driven by Mr. Kirk, when the machine left the pavement and turned over when the wheels struck the soft soil.

Council's Reasons On Trees Are Given

(Continued from Page One)

best to do so in this instance.

"It is only a question of time until the trees would have to come out anyway and if the curbs are not installed at this time, the property owners or the city might have to bear the expense of installing them later.

"If the pepper trees were left in now and the others taken out and replaced with small trees on the proper line the street would not look well. If, however, they are taken out at this time and a uniform tree planting program for Tenth street started, in a few years the street will be the pride of the city.

"One other thing confronted the council in making their decision and that was the establishing of a precedent. If these trees were left in at this time it would be used as a lever in the future by other property owners to prevent the removal of their trees in case it was found necessary to remove any of them for some specific improvement.

"After the street has been finished it is believed that every one will be pleased with the result and glad that the decision was to complete the job at this time rather than to do it piecemeal."

Use of Forests for Recreation in Gain

Recreational use of the national forests of California has shown a slight but steady increase for the past two years, according to the annual report for 1931, by S. B. Show, U. S. regional forester for California.

Counts and estimates made by forest officers give a total of more than 3,900,000 persons who used the national forests in 1931, or a gain of one million over 1930.

CAMP BALDY

The yearly rainfall to date of the flood control station 85, given by patrolman E. T. Adams, is 34.32 inches, over 14.62 inches more than last year. The recent rainfall was 8.10 inches.

The only serious damage done by the recent snowfall was that of an avalanche four miles from camp at Arthur Allison's toboggan slide. So powerful was this avalanche that it completely demolished Mr. Allison's new office cabin and 15 toboggans he had stored in it for the first time. A portion of the slide was filled and cannot be used until shoveled out. Mr. Allison announced that it will be ready for operation by Sunday.

Russel Erbes, grandson of D. P. Alexander, has been in camp enjoying the snow. Russel is employed by the First National studios and is now doing work at Westminister on the Edna Ferber picture, "So Big."

Miss Wilma Carr entertained Mrs. Frank Hummason of Los Angeles the past week and her sister, Miss Dorothy Carr, teacher in Long Beach, for the week-end.

Bernice Skeen, a last year's senior at Chaffey, is visiting her parents for a few days. Bernice, a promising violinist, is specializing in music in Los Angeles.

The annual district meeting of the 20-30 club was in session three days at Camp Baldy hotel last week. The six Blue Ridge Mountain Boys, radio broadcasters, furnished musical numbers during the dinner hours.

The greatest number of cars in the history of the camp came up Sunday. By noon the congestion at Ice House was so great that ranger E. T. McLure prohibited any going farther than Camp Baldy.

Sun Lamp Is Being Displayed by Store

Described as one of the outstanding productions in the making of sunshine artificially, the Esrobert sun lamp is today being displayed by the Colborn Electric company. Its effects on a person are the same as the direct rays of the sun, it is reported, and is being introduced as a means of providing sunshine to persons who in their daily life are unable to enjoy it.

The lamp resembles a floor lamp. Doctors throughout the nation are reported to highly recommend it.

GIRL SPEAKERS IN STORY OF ACTIVITY

Chaffey Group Appears at Lions Club With Facts on Many Activities

Repeating an appeal for interest and support in the Chaffey Community Girls' Work Organization, Miss Helen Weber told members of the Upland Lions club in the Red Hill Country club yesterday noon of the various activities and organizations being sponsored.

Up until recently, Chaffey board of education supported almost entirely the girls' work, but with the end of this school year, all support for this work will be withdrawn, Miss Weber said. Bringing attention of the public on the girls' activities, special programs have been given this week at the service club meetings.

Miss Weber and Marilyn Schowalter were the speakers on the Lions program. Singers, including Marjorie Pounders, Ellen Highsmith, Dorothy Zenz, Ruth Ward and Amy Ann Hewitt gave tunes popular at the girls' annual summer camp. One of the nightly features during the stay at the camp is presentation of a play, and the "Second Minuet" was given yesterday. Emily Draper protrayed the part of "Grandfather" and Charlotte Browning, the part of "Grandmother."

Frances Paul distributed a folder, containing information about the girls' activities. Miss Louise Harris, assistant secretary of the girls' organization, and Mrs. P. H. McQuillen, an interested supporter, were present.

Floyde L. Atwood, vice-president, was program chairman, with Harold W. Cook in charge as president.

Negro Spirituals Will Be Sung at Christian Church

A notable program of Negro spirituals will be presented by a large chorus-choir, under the direction of Charles Ross, Sunday afternoon at the Ontario Christian church, it is announced by the minister, Shirley R. Shaw.

The appealing melodies, powerful rhythm, and intense fervor that were the spontaneous outbursts of old-time camp meetings, will be reflected in the singing, the time for which has been set at 5 o'clock so that all people of all communions may share the enjoyment and inspiration of the hour.

Charles Ross recently has gained added musical distinction by being chosen to sing the part of Christus in Bach's "Passion," to be presented by the combined choirs of Pomona College and the University of Redlands at Eastertide.

Miss Isobel Matthews, harpist, of Ontario, who now is continuing her study in Los Angeles, will play two groups of spirituals, and will accompany Mrs. Shaw, who will sing "Were You There When They Crucified My Lord?"

A male quartet, Messrs. Ross Park, Andrew Dean, Charles Ross and Alex Elmsley, will sing "Deep River" and "Lord, I wan'o Be a Christian."

A double mixed quartet, Mesdames Homer Burr, Shirley R. Shaw, V. M. Jones and S. W. Pierce, and the members of the male quartet, will sing "Steal Away" and "Listen to th' Lambs."

Mrs. Shaw and A. B. Crist will give the duet, "Swing Low, Sweet Chariot," and Mr. Ross will sing the soul-searching number, "Nobody Knows the Trouble I've Seen."

The augmented chorus-choir will give three spirited selections, "Go Down, Moses," "Ezekiel Saw de Wheel," and "Bells Over Jordan." The general public is given cordial welcome to hear this sacred vesper concert.

Girls' Work Include Wide Scope And Many Community Activities

Scope of the work of the Chaffey Community Girls' organizations is today in the minds of many people in the district as the result of the programs presented this week in the churches and before local civic groups.

In the first eight grades, three separate types of groups are sponsored, Girl Scouts, Girl Reserves and Campfire Girls, while in the high school and junior college, the Y. W. C. A. is maintained. Total of 864 girls are enrolled in the groups, and many women in the district are spending much time in assisting and guiding the organizations.

In the first eight grades, there are 438 Girl Scouts and 79 are in the three higher grades. Girl Reserves number 111 in the three higher grades, and the junior college has 107 in the Y. W. C. A., with other girls in the other sections.

The three units, Girl Scouts, Girl Reserves and Campfire Girls, are maintained because of the special interest the girls and the leaders may have.

In 1915, the girls' activities were started and each year more interest was shown and finally the Chaffey board of education added two full-time secretaries to handle the boys' and girls' work activities, and since then additional help has been added. As the result of the financial conditions, however, the school aid is to be discontinued with the end of this school year.

Following are the names of the various organizations and the names of the women working as leaders or assistants in Upland:

Blue Birds, Pearl Swerdfeger; Campfire, Mrs. Charles Benson and Mrs. Hjalmar Anderson; Girl Scout troop No. 24, Mrs. Paul Adams and Mrs. Owen Atwood; Girl Scout troop No. 11, Mrs. Dan Millikan and Miss Florence Armstrong; Girl Scout troop No. 10, Miss Florence Tarleton; Girl Scout troop No. 3, Mrs. Leigh Thompson, Mrs. Clyde Duncan and Miss Rhoda Widmer; Girl Reserves, Mrs. Elizabeth Townsend, Miss Esther Anderson and Miss Marian Holden; Reliquae, Mrs. Harry Hawkinson; Y. W. C. A. Student association, Miss Pearl Clark, Miss Ruth Ewald, Mrs. Helen Maurer, Miss Daisy Latimer, and Miss Marian Holden, and Business Girls Triangle, Miss Daisy Latimer and Mrs. Helen Maurer.

HOOP HOPES HANG ON OVER REVERSES

Chaffey Teams in Running With One Defeat; Covina Met This Afternoon

Chaffey's hoop title hopes will not be punctured any more in today's game at Covina if things are going as dope predicts them to go.

Covina's big, lanky players got going some in the game against San Bernardino last week and if they keep on the improvement path they may do something to Coach Karl Kaiser's men on the Colt floor this afternoon. That is not expected, however, and the Tigers are likely to add another mark in the win column.

Sophomore teams from both schools will tangle in the preliminary.

Chaffey high school and junior college fives are still in the race for championships in the respective leagues, although Pomona teams have put thorns in the way. Pomona high is out in front with no defeats, while Chaffey is second because Pomona won in the clash between the two schools.

Then along came a revamped and inspired Pomona jaysee five to upset the dope and lick Chaffey, this occurring last Saturday. This defeat, however, left Chaffey in a tie for first place, as Pomona has previously been defeated once.

Chaffey jaysee plays San Bernardino here tomorrow night in a league game.

Lemon Growers Win; Creightons Lose

Upland Lemon Growers association continued to out-shoot opponents in the Chaffey community basketball league when Bumsteads took a 50 to 23 defeat Tuesday night. Through the work of Orville Terry, the winners had an easy time, this star guard tossing in 20 points—nearly as many as the opposing five players garnered.

Creighton's, the other Upland team in the competition, however, didn't fare so well, losing its second consecutive game when Ewart's, Pomona, held the lead 24 to 21. Last week Creighton's lost to the Growers.

The lineups follow:

Creightons (21)		Ewarts (24)
Detweiler 2	F	C. Stephens 8
McKinney 7	F	McClintock 8
Mathis 10	C	Graves 2
Francisco	G	Goodman 6

Local Breeders Go to Rabbit Meeting

Mr. and Mrs. R. M. Hobbs of East Twelfth street, attended a regular meeting of the Pomona Valley Rabbit Breeders association held in Pomona Tuesday night. Mrs. Hobbs is secretary of the organization. The meetings are held on the second and fourth Tuesdays in each month and are attended by a number of breeders in this district.

A special program is being prepared for the next meeting to be held on Tuesday night, Feb. 23, with a well-known speaker from Los Angeles.

Visibility Demanded for License Numbers

License plates on automobiles must be clearly visible, although greater latitude is now allowed by the state in attaching them to cars.

The minimum distance for placing the plates is 16 inches from the ground, but the license numbers must not be even partially hidden behind bumpers. They must be clearly legible and free from foreign materials such as mud and dust. Plates also must be securely attached to prevent them from swinging.

THE FAMILY NEXT DOOR — TROUBLE AHEAD

NEW FISH AND GAME PROGRAM IS PUSHED

Gentry Tells of Plans to Give Sportsmen More for Their Money

Continuing his program of reorganization of the state fish and game commission along lines of practical and direct benefit to the sportsman, J. Dale Gentry of San Bernardino, new president of the commission, has called a meeting for Los Angeles during the latter part of this month. Sportsmen of the south will be afforded the opportunity to present their problems before the commission at the Los Angeles meeting, according to President Gentry.

"Actual results of direct benefit to the sportsman is the objective of the reorganized California fish and game commission, and a long step was accomplished at the last meeting in San Francisco. This conference lasted three days and the most of that many nights, and execution of the program we outlined is to commence immediately," Mr. Gentry states.

"During this meeting in the north we called in the bureau chiefs and asked them to show just what is being done of real benefit to the sportsman in return for expenditure of our funds in payroll, administrative and operating costs," Mr. Gentry explained. "We told these executives that we propose to use both the personnel and funds of the California fish and game commission for direct production of native fish and game.

"Sportsmen and representatives of interested organizations were present at the San Francisco sessions of the commission, and will be on hand at the meeting being called for late this month in the south. I explained at the meeting in the north that I intend to show the sportsman that we intend to give him real direct values for every dollar the commission spends and I will reiterate this statement in the south.

"Revision of the payroll of the commission to make it more productive of fish in the streams and game in the fields is part of the new program we are working out. I am receiving assurances from all parts of the state that the people favor expenditure of our funds in propagation of native fish, fowl and game, like trout, doves and deer.

"I have called a halt to expenditure of large sums in costly experiments relative to possibility of developing outside fish, fowl and game in California at costs out of all proportion to benefits derived by sportsmen. Our meeting in the north was attended by such men as Roland A. Vandegrift, state director of finance; D. H. Blood, director of the state department of natural resources; Eugene D. Bennett, counsel for the division of fish and game, and John L. Farley, executive officer of the division. Commissioners Earl B. Gilmore and I Zellerbach were present, besides myself, to make a full attendance of our board."

Pasadena Truants Picked Up by Police

"Ditching" school and hiking to San Bernardino in the rain lost its glamour when darkness came and at Fontana two youths turned homeward and in Upland at 8 o'clock Wednesday night, they were picked up by Officer Cecil Myers.

They were from Pasadena and in the third grade at school. Officer Myers kept them by the fire in the police station until their parents arrived at midnight.

Woodyard Tickets Worth $300 Cashed

Operation of the community woodyard has resulted in trade tickets amounting to nearly $300 being cashed by the Associated Charities.

All transactions are recorded by Clair E. Kirk, secretary, and a tabulation today revealed that workers at the woodyard have traded with Upland stores, which in turn have cashed the tickets. Under the present plan, a transient person is given tickets worth 50 cents in trade for two hours' work.

The woodyard project is today in the hole, the sale of wood at $3 a tier not paying for the cost of having the trees cut down and the wood cut into proper lengths. Exact amount of deficit is not known, but it will be in the neighborhood of $75, it is reported.

Scout "Tenderfeet" To Be in Ceremony

Investiture ceremonies for new members of the Boy Scout troop No. 3 will be held tonight in a "fathers' night" program, Paul Schowalter, scoutmaster, announced today.

Boys, who have passed the tests and will be given a rank, are Robert Gray, Charles Robert Thompson, Raymond Watkins, James Barker Adams, Leslie Standlea and Jack Beattie.

Fathers of the boys in the troop will be present to participate in the program.

CITRUS SHIPMENTS STEADY FROM HERE

Outlook Is Brighter as Picking Resumed Following Rain

Movement of oranges from this district is steady, the total number of cars shipped being an average number for this time of the season, Harry Harlow, manager of the local office of the California Fruit Growers Exchange, said today.

Rain delayed the picking, but activities in getting to market the 1932 crop are under way again, with a gradual increase expected in the number of cars packed. A year ago, more cars had been shipped at this time than the records shown for this season, but two years ago a smaller number had been shipped.

Damage from frost cannot be estimated accurately, but in general the loss is not very heavy, it is reported.

Prices have shown a gradual improvement and the outlook for the citrus growers is brighter now than it has been at times.

"What did the gentleman say when you tried to collect the bill?"

"That if he saw me at his house again he would thrash me to a pulp and throw me out of the window."

"Just go back and tell him I won't stand any of his nonsense."

Banish Shadows from the kitchen

Every kitchen should be lighted so that it is never necessary to work in one's own shadow. Besides making work easier, good light in the kitchen saves time, helps to prevent waste and breakage, and is a source of comfort to which every housewife is entitled.

Good Light Costs So Little That Every Home Can Afford It

If you are working in a dark kitchen you are suffering needless discomforts, and putting an unnecessary strain upon your nerves and your temper. Adequate lighting—freedom from annoying shadows—costs only a trifle and soon pays for itself in what it saves from waste and breakage.

Free Advisory Service

The services of an Edison man, trained in modern lighting methods, are yours simply upon a telephone or written request to the nearest Edison office. No cost or obligation is incurred for his help.

Alta Loma and Cucamonga

Mrs. Peterson Honored

Honoring Mrs. E. S. Peterson (Helen Todd), Mrs. H. C. Wentworth was hostess recently at a delightful dinner party given at her home on State Highway. The incentive for the social event was the removal to Los Angeles of Mrs. Peterson, who for the past 11 years has been the very efficient assistant cashier in the First National bank in Cucamonga.

Selecting pink and white as the color motif, Mrs. Wentworth achieved lovely decorations for the dinner table. Tall pink candles in crystal holders were tied with pink tulle and japonica blossoms made an effective centerpiece.

Following the dinner the guests gathered about the glowing fire in the open fireplace and enjoyed an evening of pleasant visiting.

Participating in the party were Mr. and Mrs. E. S. Peterson of Los Angeles, Mr. and Mrs. J. W. Morgan and Miss Mable Benjamin, a former bookkeeper for the Cucamonga bank, all of Baldwin Park; Mrs. Foster Todd and Howard Henrick, of Los Angeles; Mr. and Mrs. Ray R. Ford, Miss Barbara Wentworth and Mr. and Mrs. Wentworth.

More Library Space

New shelves for the Cucamonga library are being built, permitting the stocking of 100 more volumes, Miss Luella Whitney, librarian, reported.

Showing the interest Cucamonga people take in the institution, between 25 and 30 books are issued every day and the additional space is necessary to handle the present number of volumes more easily and to permit addition of new books.

Club Hears Dr. Foster

Speaking on his early experiences in this country, Dr. Bert Foster appeared at the bi-monthly meeting of the Cucamonga Service club in the Sycamore Inn Monday night. While the attendance was small due to the rain, Dr. Foster's address was received with much interest.

Church to Honor Scouts

Special church services in honor of the Cucamonga and Alta Loma Boy Scouts will be held in the Cucamonga Community church on Sunday night, with Rev. J. M. Chamberlin speaking on "Washington, Another Good Scout." Members of the visiting troops will participate in the program.

In keeping with the twenty-second anniversary of the founding of the Boy Scout movement, a "parents' night" program will be held by the Cucamonga troop tonight. Six new members will advance from the tenderfoot rank, the boys being Kenneth Henderson, Robert Benner, Carlos Verdugo, Bobby McKennett, Rajo Patane and Frederick Dhyse.

Bank Employes Promoted

Succeeding Mrs. Helen Todd Peterson, who resigned as assistant cashier of the First National bank of Cucamonga, effective Feb. 1, Miss Isadore Miller of Cucamonga has been advanced from the position of teller, which she has held for the past year, to that of assistant cashier. Miss Edith Goldsmith is now teller, the change also being a promotion for her.

Mrs. Peterson, who had been with the bank for 11 years, has gone to Los Angeles where she and Mr. Peterson are now residing.

Schools Suspend Work

Because of the prevalence of colds among the school children and the heavy rains during the first of the week, the Cucamonga Central and the Cucamonga schools have closed their doors for a few days, planning to resume work Monday. The Central school closed Wednesday and the other school has not been in session the entire week.

The closing of the schools during the enforced absence of many of the pupils was decided upon to prevent the daily average attendance from falling below the required number. The time lost will be made up at the close of school this summer.

The Alta Loma school has not found it necessary to close.

Mrs. L. J. Thomas, Mrs. Guy Crick and Miss Fussell had the privilege of attending the meeting of the Ontario Woman's club Wednesday afternoon when the well-known sculptor and mural decorator, Merrell Gage, was presented. Mr. Gage spoke of the various important phases of Lincoln's life and work and dramatically illustrated his remarks by deftly moulding a mask of Lincoln, beginning in the early Springfield days and showing the changes in his countenance wrought by the passage of time and the responsibilities and cares of his political career and his life as president of the United States. The dramatic climax was reached with the description of the assassination when at the touch of a wire, the head crumbled to dust.

About Etiwanda and Its People

(By Mrs. A. A. Werner)

The last storm added 5.03 inches to the local rainfall, bringing the season's total to date to 23.35 inches.

Lloyd Myers spent several days in Colton the first of the week with Mrs. Myers, who is caring for a friend who is ill.

Mr. and Mrs. J. B. Ross are enjoying a visit from their little granddaughter, Myrl Mae Weiss of Inglewood.

Mr. and Mrs. O. G. Figgins and daughter, Jeanne, had as guests Sunday Mr. and Mrs. Lower and Mr. and Mrs. Vance of El Monte.

Mr. and Mrs. Wm. McClean lost a pen of red Rhode Island chickens Saturday night, chicken thieves entering the yard and carrying off the entire flock. This is the first report of chicken thieving this spring here. Many poultry houses were raided here during the last two years and several places were visited a number of times.

The Etiwanda Service club supper and business meeting was held in the club rooms in Cypress hall Wednesday evening. Lex Lucas, head of the Boy Scout work in Chaffey district, was the speaker of the evening and gave a most interesting talk. A splendid supper was prepared and served by a committee from the first section of the Ladies Aid society.

The high school Girl Scout troop met in the church basement Wednesday evening for their semi-monthly meeting and supper. Mrs. Glen Shepherd passed a group of girls on their housekeeping test, while others were examined by Herbert Hall on the scout signal code.

Miss Thomas, rural school supervisor from the county superintendent's office, spent Monday and Tuesday in the Etiwanda grammar schools.

Miss Ethel Bilyeu is able to be about again after an attack of flu.

Mr. and Mrs. J. D. Orendorff were luncheon guests of Judge and Mrs. Thomas Donnelly yesterday.

The Blues, who came out losers in the six weeks attendance contest in the Sunday school of the Etiwanda Congregational church, will be hosts to the winning Reds at a valentine party in the church basement this evening from 7 to 9.

Candidates Loom for Council, School Board

(Continued from Page One)

he has started many new projects in the city government which have resulted in efficiency and economy.

Frank C. Buffington will complete 16 years on the municipal body and through the urging of his friends and associates on the board, he has decided to become a candidate. He has a wide knowledge of the water situation, making that phase of the local affairs the subject of close study. He is also a director of the San Antonio Water company.

As a contrast to the school election a year ago, there will be competition when the voters go to the polls March 25 to choose a new member of the Upland board of education. Mrs. Hjalmar Anderson will be a candidate as the result of the women interested in school affairs, urging her to run. An account of the Tenth street Parent-Teacher association meeting concerning her candidacy is given elsewhere on this page.

Charles J. Coe, a resident of Upland for 12 years, now residing at Sixteenth street and Euclid avenue, became a candidate today. He has closely followed school affairs and it is known that influential persons in the community asked Mr. Coe to seek a place on the school board. He is the father of two children. He has served as a director of the Upland Heights Orange association.

Ernest Bridenbaugh said today he would file his nomination papers with the school board clerk tomorrow. He came here in 1911 and has resided in the Upland district most of the time since then. He lives on Euclid avenue at Eighteenth street and has two children.

Ernest C. Mehl, city clerk, and Owen E. Atwood, city treasurer, will be candidates to succeed themselves, it became known today. Four years ago they were re-elected without opposition and no candidates for these posts had appeared today.

SCOUTS TO GATHER OLD CLOTHING HERE

"Mobilization Day" Will Result in Search for Many Needed Garments

"Mobilization Day" of the Boy Scouts in this district will be tomorrow and that means Upland homes will be visited by the youths in search for old clothing.

As a feature of the scout anniversary week, the scouts throughout the nation will do some good civic turn tomorrow. Local unfortunate people need clothing, which will be distributed under the direction of the Associated Charities.

It will be the work of the scouts tomorrow to visit local homes in search of clothing, suitable for distribution to families in need. Anything suitable for wear is wanted and when the collection is received at the Associated Charities office, it will be sorted and distributed to the families in the Upland district.

The scouts are to meet in the D street park at 9 o'clock.

Lemon Growers Score Victory Over Pomona

Upland Lemon Growers were today in undisputed leadership of the Chaffey community basketball league as the result of their 41 to 28 victory over the Pomona First National bank team in the Chaffey gym last night.

Henderson, visiting forward, counted for 23 of his team's total score. It was a L. G. game without much trouble and Terry, the packer's shooting ace, played only part of the game, but he scored 13 counters.

The line-ups:

Lemon Growers, 41		Pomona, 28
Hopkins, 7	F	Henderson, 23
Campbell, 6	F	Carter, 1
Dean, 14	C	Reynolds
McCall, 1	G	Miller, 3
Ormsby,	G	Robertson

L. G. substitutions: Terry 13, Fuller. Pomona substitutions: Lesley.

late Mrs. A. W. Burt, founder of the local association.

An interesting comparison of the lives, the characters and activities of George Washington and Abraham Lincoln was given by W. W. Mather, of the Chaffey faculty, who was the speaker of the afternoon.

Plans for a Fathers' night program to be held on March 9 in the junior high school auditorium were announced by Mrs. J. L. Grahame, who stated the speaker will be C. E. Grier. He will discuss tax equalization.

The room was decorated with flags, red, white and blue candles and the flaming burning bush. Mrs. Chas. V. Benson's Campfire girls, attired in charming George and Martha Washington costumes, served colonial tea.

Ella: I had to walk seven miles last night to get home.

Clara: For goodness' sake!

Ella: Of course.

"Are you the man who made the long drive from the last tee?"

"Yes, sir, I am the man."

"Are you sure it was you?"

"Yep, pretty, wasn't it? 270 yards."

"Well, you owe me a new windshield and rear window."

Let the Guilty Blush

Visitor: "What nice buttons you are sewing on your little boy's suit. My husband once had some like that on his suit."

Vicar's Wife: "Yes, I get all my buttons out of the collection plate."

Sin Is Expensive

An agitator was addressing a band of strikers.

"Only $12 a week!" he yelled. "How can a man be a Christian on $12 a week?"

"How," yelled a voice, "can he afford to be anything else?"

Reporter Tells of Washington's Wedding Day

Much has been written and taught about Washington, the soldier, and Washington, the statesman, etc., but not so often do the more intimate and humanly interesting stories of his private life find their way into print. Stories that are not hearsay and legend, but actual facts as recorded in documents of his day are always interesting.

From the pen of a society reporter of the eighteenth century comes a picturesque description of the wedding of Col. George Washington and Martha Dandridge Custis, which establishes it as a very "smart" affair.

"They came in bridal state, coach-and-four and the train of wedding guests. . . . The bride was attired in heavy brocade silk, interwoven with silver thread; embroidered satin petticoat, high-heeled satin shoes, with buckles of brilliants, point lace and ruffles. Her ornaments were a pearl necklace, earrings and a bracelet. The bridegroom appeared in a citizen's dress of blue cloth, . . . his shoe and knee buckles were of gold. His hair was powdered and at his side hung a dress sword."

Other writers mention that his coat was blue and silver, trimmed with scarlet. His stepgrandson, George Washington Parke Custis, writes:

"Much hath the biographer heard of that marriage, . . . and rare and high was the revelry, at the palmy period of Virginia's festal age; for many were gathered to that marriage, of the good, the great, the gifted and the gay, while Virginia, with joyous acclamation hailed in her youthful hero a prosperous and a happy bridegroom."

Whether the wedding was solemnized in St. Peter's church at New Kent, or in the home of the bride, known as the White House, in New Kent county, is a matter impossible to determine, but it is definitely known that the bride's home was the scene of the wedding reception and the honeymoon.

San Gabriel Dam No. 2 Bids Being Studied

Bids have been opened on the construction of San Gabriel Dam No. 2 by the Los Angeles county supervisors, and the contract will be let and work started within a short time, it was learned here.

Merritt, Chapman & Scott were the low bidders by nearly half a million dollars, and E. C. Easton, chief county flood control engineer, was today consulting with the firm. All bids are to be analyzed before the contract is let.

"Sambo, where you gwine in such a rage?"

"Ah's gwine to git that doctah what sewed up my operation with white thread."

College Heights

COLLEGE HEIGHTS, Feb. 12—According to the Twin City Sentinel of Winston-Salem, N. C., Don Mattison, son of Mr. and Mrs. M. W. Mattison of College Heights, is winning distinction in the world of art. An exhibit of all work done by him during the three years he studied abroad in Rome, has been arranged as a feature of the display at the Architectural League building in New York City. The subject of the exhibit is "What Three Years in Rome Can Do for Building American Artists."

Critics say the painter's work is of unusual quality. He specializes in life-size murals and life-size portraits. The story of this young man's life and his rapid rise on the ladder of fame is unusual. While at Yale the value of his ability as an artist was discovered and he switched from the school of business to the school of fine arts, where he obtained his degree. He is at present instructor in art at Columbia, New York University and the New York School of Design.

Harold Star, son of Mr. and Mrs. W. B. Falls, left Tuesday for the Veteran's hospital in San Diego, where he will take a course of treatments.

The Jolly Dozen club met at the home of Mrs. Jennie Hook for a 1 o'clock luncheon, on Friday, Feb. 5, and a jolly time was had. Those present were Mesdames Agnes Jessup, Josie Baker, Laura Tennic, Mary Spicer Susannah Robinson, Dawn Larkin, Florence Lee, Mary L. Henshaw, Irene Lane, Helen Hogan and F. L. Burton. A guest of honor was Margaret Jessup.

Mr. and Mrs. Ben Garner and Mrs. J. H. Turner were guests of Mr. and Mrs. A. W. Burns of Van Nuys, Saturday.

Mrs. J. O. Reynolds spent Wednesday in Pomona, at the home of her daughter-in-law, Mrs. Jack Reynolds.

Norman Hedges, KMTR artist, and his young wife, spent Sunday with Mr. and Mrs. Ernest Hedges of Sixth street.

John Pautz and daughter, Norma, motored to their home in Willowbrook Sunday afternoon. Miss Pautz remained at her home and her father returned to the home of his brother here Tuesday. The water on the streets of Compton was so deep that his engine stalled, and rather than to try it any longer, Mr. Pautz boarded the interurban to make his trip here.

Red Scale Group To Outline Plans Soon

ETIWANDA, Feb. 12—Nell D. Hickcock said today that within a week some definite plans would be announced concerning the formation of the proposed Red Scale protective association. Another meeting is to be held with the interested growers attending.

A community meeting was held last week, but as the arrangements at that time were not definite, no final proposal has been made.
